Quick-Start License Installation Instructions

Node-locked Licenses:

These steps will copy your license file to the appropriate default directory (the .Xilinx d

1.   Save the attached license file (.lic) to your desktop or some other folder on your co

2.   Run the Vivado License Manager

Windows: Run 'Manage Xilinx Licenses' from underneath your Version group of the Xilinx Desi

Linux: Type 'vlm' in a command-line window

3.   Select the 'Load License' screen and click on the 'Copy License...' button

4.   Browse to the downloaded license file and click 'Open'

Note: IP licenses generated from the Xilinx Product Licensing Site are designed to be used

Floating Licenses:

If you have an existing FLEXnet floating license server, it may be easiest to simply copy th

Note: Please restart your floating license server to allow the changes to take effect.

If you are setting up a FLEXnet floating license server for the first time, please see the V
